Youth's Last Name _____ First Name _____ Birthdate _____ ❑ M ❑ F

The parent(s)/legal guardian(s) of Youth Program participants are required to disclose their intention to bring medications to the Program, especially to treat potentially life-threatening conditions (i.e. inhalers, EPI-pens, insulin injections). Upon arrival to the Program, parent(s)/legal guardian(s) should plan to meet with a member of the Youth Program staff at registration to review medication issues for a Youth Program participant and complete additional required paperwork if not completed prior to arrival. For identification purposes, a current picture of the child is to be provided upon registration.

All medications (prescription and over-the-counter) must be stored in the original product packaging and clearly labeled with the participant's name. Prescription medication(s) must also include a label with the medication's name and dosage instructions, as well as the prescribing physician's name and telephone number.

All medications will be kept in a securely locked cabinet used exclusively for storage of medications. Medications that require refrigeration will be stored and locked in a refrigerator designated for medications **ONLY**. Access to all medications will be limited to approved personnel. The need for emergency medication may require that a Youth Program participant carry the medication on his/her person or that it be easily accessed (i.e. inhalers, EPI-pens, insulin injections). Penn State Youth Program staff will **NOT** purchase medications of any type (prescription or over-the-counter) for Youth Program participants of any age.

If a Program has professional medical staff on-site, then the medical staff may administer over the counter medications (e.g., ibuprofen or Tylenol) supplied by the parent(s)/guardian(s) per package instructions. Medical staff may monitor the self-administration of medications, if necessary, upon written consent of the parent(s) and/or legal guardian(s) and/or physician orders.

If there are no medical staff on-site, Penn State Youth Program staff *will not* dispense medications, but may monitor the self-administration of certain medications if necessary, ***ONLY*** upon written consent of the parent(s)/legal guardian(s) and /or physician's orders.

It is NOT permissible for a participant to share any medications with any other participants.

It is the responsibility of the parent(s)/legal guardian(s) to be sure that the participant's medications brought to the Youth Program are not left behind at the end of the Program. Failure to do so will result in the medications being destroyed within three working days after the participant's last day at the Program. Absolutely no medications will be returned via mail regardless of circumstance.

I understand that all Youth Program participants are recommended to have a meningococcal vaccination prior to attending the program. I hereby authorize the clinical staff of University Health Services or other licensed practitioner of the healing arts, acting within the scope of his or her practice under State law, to provide medical care that includes routine diagnostic procedures (e.g., x-rays, blood and urine tests) and medical treatment as necessary to my minor daughter/ son/dependent. I understand that the consent and authorization herein granted does not include major surgical procedures and are valid only during the Youth Program/event.

In the event that an illness or injury would require more extensive evaluation, I understand that every reasonable attempt will be made to contact me. However, in the event of an emergency and if I cannot be reached, I give my consent for physicians and staff at University Health Services or other licensed practitioners of the healing arts to perform any necessary emergency treatment. I agree to the release of any records necessary for treatment, referral, billing, or insurance purposes to the appropriate medical care provider. I understand that University Health Services does charge for services and that it is my responsibility to pay the bill if a claim can't be submitted by the University Health Services to my private insurance. As applicable, I may be responsible to submit any claims to my health insurance company for reimbursement. I authorize The Pennsylvania State University to receive medical/billing information and submit it to the University's insurance carrier.

I understand that, unless specifically stated otherwise in the Penn State Youth Program/event literature, The Pennsylvania State University does not provide medical insurance to cover emergency care or medical treatment of my child.

I understand that, in accordance with Youth Program policy, the medication(s) should be given at home before and/or after the Youth Program. However, when this is not possible, and medications will be brought to Youth Program camp, I agree to the provisions outlined above relating to the management of medications.

HIPAA

Penn State honors the privacy of the participants in its Programs and complies with the national regulations regarding health information. Follow this computer link to the University Health Services Notice of Privacy Practices.
